

\$1,000 Pre-Owned Electric Vehicle Incentive Q and A

Q: How do I get the incentive?

A: Test drive an electric vehicle (EV) at the EV Discovery Centre or an EV Roadshow event, take the EV 101 seminar (approximately 1 hour) and buy a used EV within one year of taking the seminar to receive \$1,000 off your used EV purchase. After taking the test drive AND attending the seminar, you will be sent a digital certificate with a unique code. After buying your used EV, send the certificate, proof of ownership and proof of insurance to usedEVincentive@plugndrive.ca. We will then process your claim.

Q: Which cars qualify?

A: Any used fully electric or plug-in hybrid electric car (not traditional hybrids – it has to plug-in!) with a re-sale sticker price below \$50,000 qualifies for the incentive. This incentive is only available to residents of Ontario.

Q: Why cut off at \$50,000?

A: We want to help consumers who might not otherwise be able to purchase an EV. This decision rests with the funder.

Q: The lease on my electric car is up for renewal. If I buy the car, do I qualify for the incentive?

A: Yes. Note, that extending or renewing your lease does not qualify. You must buy the car to receive the incentive.

Q: If I take over someone else's lease, do I qualify for the incentive?

A: No. Cars that are still on lease do not qualify for the incentive. In order to receive the incentive, you must purchase a used electric car.

Q: When does the program run?

A: The program runs from April 14 – September 30, 2019. It may be extended if funding continues to be available.

Q: What is the seminar all about?

A: Basics on the environmental and economic benefits of EVs, how to decide whether a fully electric or plug-in hybrid electric car is for you and things to consider when shopping for a used EV.

Q: How do I register for a seminar?

A: Visit plugndrive.gosignmeup.com for upcoming seminar dates and locations.

Q: Who is funding this?

A: This program is brought to you by Plug'n Drive in collaboration with Clean Air Partnership and made possible through the financial support of the M.H. Brigham Foundation. This is not a government-funded initiative.

Q: How will I find a used EV?

A: There are many classifieds websites that can help you browse used EVs in your area, including autoTRADER, Kijiji and EVGenius. You can also send your specific preferences to Plug'n Drive at mycustomEV@plugndrive.ca. We will then forward your specifications to a licensed used EV dealer that is uniquely qualified to access used EV inventory from a wide geographic area.

Q: Where can I get additional information about the incentive?

A: All information about the incentive and EV 101 seminars is available at plugndrive.ca/used-electric-vehicles.
