

PLUG 'N DRIVE

## Prepare Your Employees for an Electric Driving Future

The COVID-19 pandemic has been a global wake-up call reinforcing the relationship between environment and health. The growing threat of climate change, and the environmental impacts it causes, will continue to impact people and businesses unless we take action.

### Electrify Your Future Webinar

*Your comprehensive introduction to the world of electric driving*

This webinar covers everything you and your employees need to know about the benefits of electric transportation and how getting behind the wheel of an electric car is one way to take climate action.

#### *This Webinar Covers*

- *Canada's clean electricity sector; why driving an EV makes sense*
- *Home and public charging; how to charge and where to charge*
- *The electric vehicle marketplace; what's available and what's coming soon*
- *EVs worldwide; how some regions are leading the charge*

**Take Action and Book your Webinar Today by Contacting [info@plugndrive.ca](mailto:info@plugndrive.ca)**

## Electrify Your Future Test Drive

*Experience electric driving first-hand*

Take the next step and give your employees the opportunity to test drive a selection of electric car models in a sales-free, no-pressure environment.

### **Contact-Free Registration**

*Your employees can register and select their preferred time slot virtually from any device.*

### **At a Cord's Length**

*Test drive times are by appointment only and spaced out to avoid line-ups. A Plug'n Drive EV Specialist accompanies each test drive in the back seat.*

### **Staying Clean**

*All contact surfaces (steering wheels, climate controls, mirrors, etc.) are sanitized after each test drive and all test drivers and Plug'n Drive staff are required to wear a face mask.*

The test drive can be scheduled at your office location or you can set aside company days at the Electric Vehicle Discovery Centre for your employees to visit. Plug'n Drive has access to a wide variety of electric vehicle models from leading manufacturers and our EV Specialists are well equipped to answer any and all questions you may have.
