

USED ELECTRIC VEHICLE INCENTIVE PROGRAM FREQUENTLY ASKED QUESTIONS

CLAIMING YOUR INCENTIVE

Q: Who qualifies for the incentive?

A: Any driver who registers and insures a used electric vehicle (EV) in Ontario qualifies. The program only covers personal-use vehicles. Company and fleet vehicles are excluded. All applicants are required to attend a Used EV Incentive webinar that is hosted online by Plug'n Drive. Visit [Plug'n Drive's Events Calendar](#) to register for an upcoming webinar.

Q: What vehicles qualify?

A: All vehicles must meet the following conditions:

- Be a used fully electric vehicle.
- Be purchased on or after April 14, 2019.
- Have a re-sale sticker price below \$50,000 CDN before taxes.
- Be registered and insured in Ontario.
- Be for personal use.

If a used electric vehicle changes ownership additional times, it must be registered and insured under the current owner for at least one year before being eligible for the incentive a second time.

Q: How much money can I get?

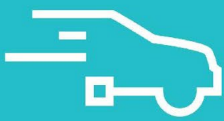

A: Used **fully electric cars** qualify for **\$1,000**. As of March 1, 2021, plug-in hybrids are no longer eligible to apply to the program. All plug-in hybrid claims submitted before February 28, 2021 at 11:59 PM will still be considered.

Q: How do I claim my incentive?

A: After attending the Used EV Incentive webinar, you will be emailed a certificate of completion. After purchasing your used EV, send copies of the following documents to usedEVincentive@plugndrive.ca:

- Bill of Sale
- Proof of Insurance
- Vehicle Registration
- Webinar Certificate

The name of the recipient must be consistent across all four documents.

Q: I already bought my used EV. Do I still qualify?

A: Yes. It does not matter in what order you purchase your used EV and attend the webinar, so long as the purchase was made on or after April 14, 2019 and within one year of attending the webinar.

Q: Can I attend the webinar on someone else's behalf?

A: No. The person whose name will be on the vehicle's bill of sale, insurance and registration and who will be receiving the incentive must register and attend the webinar. This includes couples who are married or in common law relationships, regardless of whether the vehicle is considered a shared asset.

Q: Can I apply for more than one incentive?

A: No. The Used EV Incentive is limited to one per person. For households that have more than one vehicle, each vehicle must be registered and insured under a different name to receive the incentive.

Q: What if I buy a second used EV, can I apply to the program again?

A: No. The Used EV Incentive is limited to one per person.

Q: Is there a deadline to apply?

A: Yes. You must apply within one year of attending the Used EV Incentive webinar.

Q: When does the program end?

A: The program does not have a specific end date and will continue for as long as funding is available. That said, once the funding ends, the program ends, so we encourage you to apply sooner rather than later. We do not have an estimate as to when the funding will end.

WEBINAR

Q: How do I register for the webinar?

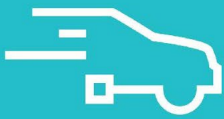

A: Visit [Plug'n Drive's Events Calendar](#) for upcoming webinars. Note that you cannot register for the webinar on someone else's behalf. The individual who will be purchasing the used EV and applying to the incentive must be the same person who attends the webinar.

Q: What is the webinar about?

A: The environmental and economic benefits of electric transportation, how to decide whether a fully electric or plug-in hybrid electric car is for you and things to consider when shopping for a used EV.

Q: I am already an EV driver. Do I really need to take the webinar?

A: Yes. We understand that as an EV driver you may be familiar with some of the content, but the webinar is an essential educational component of the program. Some of the content may be new to you as well, so it is a worthwhile experience.

PURCHASING YOUR USED EV

Q: Where can I buy my used EV?

A: Your local dealership may have some used EV inventory and there are many classifieds websites that can help you browse availability. In Canada, the two most popular classifieds websites for used cars are [autoTRADER](#) and [Kijiji Autos](#). These websites have been provided here as a resource and do not reflect any ongoing business relationships with Plug'n Drive.

Q: I bought my EV from a private seller. Do I still qualify?

A: Yes. Though you must still provide the necessary documentation (bill of sale, proof of insurance, vehicle registration, webinar certificate).

Q: Can I purchase my EV outside of Ontario?

A: Yes. You can purchase your vehicle from any province or country, so long as it is registered and insured in Ontario.

Q: I am currently leasing an EV. If I buy out the lease, do I qualify?

A: Yes. Note, that extending or renewing your lease does not qualify. You must purchase the car to receive the incentive.

Q: If I take over someone else's lease, do I qualify?

A: No. Vehicles that are still on lease do not qualify.

GENERAL

Q: Is this a government incentive?

No. The Used EV Incentive program is not associated with any municipal, provincial or federal government. It is a privately funded incentive.

Q: Who is funding this?

A: This program is made possible thanks to the support of the M.H. Brigham Foundation.

Q: Where can I get additional information?

A: All information about the Used EV Incentive program is available at plugndrive.ca/used-electric-vehicles. You can also email usedEVincentive@plugndrive.ca with any questions.
